

## 727 Stainless Steel Windjet Air Nozzles

Model No.: FSS 1/4 -SS

Material: Stainless Steel (Polishing)

Material: Stainless steel ( Matt )

- Only 1/4" male thread size is available
- Using 727 Stainless Steel Windjet Air Nozzles can help reduce operating costs and noise, improve worker safety and provide more precise, repeatable drying and blow-off.
- 727 Stainless Steel Windjet Air Nozzles use 25% to 35% less air than open pipe with perceived noise reductions ranging from 28% to 60%
- Max pressure for 727 Stainless Steel Windjet Air Nozzles is 30 bar
- Max operating temperature is 250°C
- General Application :

Applications where impact or a continuous stream of air is needed

Air recycling with existing compressed air lines

Drying

Cooling

Blow-off and moving materials

Performance Data
