

## Aluminium Air Curtain wind jet air Nozzles

Model No.: F 1/4-ALMA

Material: Aluminium

Aluminium Air Curtain wind jet air Nozzles have the following features:

- Only 1/4" male thread size is available
- Using Aluminium Air Curtain wind jet air Nozzles can help reduce operating costs and noise, improve worker safety and provide more precise, repeatable drying and blow-off.
- Aluminium Air Curtain wind jet air Nozzles use 25% to 35% less air than open pipe with perceived noise reductions ranging from 28% to 60%
- Max pressure for Aluminium Air Curtain wind jet air Nozzles is 7 bar
- Max operating temperature is 150°C
- General Application :

Applications where impact or a continuous stream of air is needed

Air recycling with existing compressed air lines

Drying

Cooling

Blow-off and moving materials

Performance Data
