

DGF24 Stainless Steel Mini Wind jet Air Nozzles

Model No.: DGF24

Material : Stainless steel

- It's a mini type in 24mm width with 7 holes.
- Only 1/8" male thread size is available
- Using DGF24 Stainless Steel Mini Wind jet Air Nozzles can help reduce operating costs and noise, improve worker safety and provide more precise, repeatable drying and blow-off.
- DGF24 Stainless Steel Mini Wind jet Air Nozzles use 25% to 35% less air than open pipe with perceived noise reductions ranging from 28% to 60%
- Max pressure for DGF24 Stainless Steel Mini Wind jet Air Nozzles is 30 bar
- Max operating temperature is 250°C
- General Application :

Applications where impact or a continuous stream of air is needed

Air recycling with existing compressed air lines

Drying

Cooling

Blow-off and moving materials
